

ARDMORE SCHOOL

MARCH, 2010

Mission Statement: The entire Ardmore family is dedicated to student excellence by adhering to high academic standards. We believe that it is each staff member's responsibility to educate and inspire all students to achieve their personal best. Ardmore shares, with our parents and community, the on-going commitment to empower our students to become respectful, responsible and resilient citizens in our ever-changing world.

Vision Statement: We envision a partnership between our school, its parents and our community, in providing a quality education that ensures our students will be: life long learners, critical thinkers, and problem solvers; tolerant and respectful citizens; compassionate, caring individuals, possessing strong personal values; able to recognize their personal strengths and abilities, thereby helping them with future career choices.
