

Lakeview Public Schools
Art Curriculum
By Course, Standard, Benchmark
Middle School Level Art

AR01 Understands connections among the various art forms and other disciplines

5059 01 Knows how the qualities and characteristics of art media, techniques, and processes can be used to enhance communication and expression of experiences and ideas

AR02 Knows and applies creative and critical thinking in the field of art (CREATIVITY)

5687 01 Knows how the characteristics and structures of art are used to accomplish commercial, personal, communal, or other artistic intentions

5688 02 Knows the effectiveness of various artworks in terms of organizational structures and functions

5689 03 Knows how organizational principles and functions can be used to solve specific visual arts problems

AR03 Knows and applies subject matter, symbols and potential ideas in the visual arts (CONTENT)

5154 01 Knows how visual and spatial concepts integrate with content to communicate intended meaning in one's artworks

5168 02 Knows and applies different subjects, themes, and symbols to communicate and/or express meaning in art

AR04 Understands the visual arts with respect to history and cultures (CONTEXT)

5194 01 Understands similarities and differences among the characteristics of artworks from various eras and cultures

AR05 Understands the characteristics and merits of one's own artwork and the artwork of others (CRITIQUE)

5251 01 Distinguishes among multiple purposes for creating works of art

5265 02 Understands possible contemporary and historic meanings in specific artworks

5279 03 Understands how one's own artworks, as well as artworks from various eras and cultures, may elicit a variety of responses

Lakeview Public Schools
Art Curriculum
By Course, Standard, Benchmark
6th Grade Art

AR06 Recognize and uses processes, technology and techniques to communicate and create visual art

- 8131 01 Identifies visual images, themes, and ideas for works of art
- 8132 02 Develops a vocabulary related to visual images, themes, and ideas
- 8133 03 Investigates sources of visual images, themes, and ideas
- 8134 04 Selects, organizes, and uses visual images, themes, and ideas for communication and self-expression
- 8135 05 Creates original works of art which express personal views, ideas, and experiences
- 8136 06 Develop an understanding for copyright laws

AR07 Knows, understands, and applies basic components of the visual arts through problem solving (Perception)

- 8137 01 Identifies, defines, and practices the elements and principles of design
- 8138 02 Explores and experiments with solutions to visual problems
- 8139 03 Organizes and sequences materials, processes, techniques, and basic components to solve visual problems

AR08 Understands, and applies materials techniques, processes, and technology related to the visual arts (Application)

- 8140 01 Recognizes differences between a variety of materials, techniques, processes, and technology
- 8141 02 Describes how materials, techniques, processes, and technology result in different interpretations
- 8142 03 Selects and uses materials, techniques, processes, and technology to communicate ideas, experiences, and themes
- 8143 04 Recognizes the importance of craftsmanship and begins to develop necessary skills
- 8144 05 Uses art materials and tools in a safe and responsible manor
- 8145 06 Knows and uses appropriate vocabulary

AR09 Understands the visual arts with respect to history and cultures (Context)

- 8146 01 Identifies selected works of art as belonging to particular cultures, historical periods, and places using a variety of resources
- 8147 02 Creates art that reflects historical, cultural, and personal contexts

AR10 Evaluates, analyzes, and interprets the characteristics, merits, and meaning of one's own artwork and the artwork of others (Aesthetics)

- 8148 01 Observes and describes various works of art
- 8149 02 Develops and expresses personal interpretations
- 8150 03 Identifies various purposes for creating works of art

Lakeview Public Schools
Art Curriculum
By Course, Standard, Benchmark
7th Grade Art

AR06 Recognize and uses processes, technology and techniques to communicate and create visual art

- 8151 01 Identifies and discusses visual images, themes, and ideas for works of art
- 8152 02 Knows and uses appropriate vocabulary related to visual images, themes, and ideas
- 8153 03 Locates and investigates relevant sources of visual images, themes, and ideas
- 8154 04 Selects, organizes, and integrates visual images, themes, and ideas
- 8155 05 Creates original works of art that are personal and communicate an intended meaning
- 8156 06 Knowledge and respects copyright laws

AR07 Knows, understands, and applies basic components of the visual arts through problem solving (Perception)

- 8157 01 Experiments with elements of art within given specified guidelines
- 8158 02 Selects and employs the principles of design to solve visual problems
- 8159 03 Uses a variety of problem-solving and decision-making skills to apply basic components to a work of art
- 8160 04 Evaluates the uses of basic components, materials, and processes and makes appropriate revisions
- 8161 05 Compares and contrasts both abstract and concrete concepts

AR08 Understands, and applies materials techniques, processes, and technology related to the visual arts (Application)

- 8162 01 Identifies and experiments with a variety of materials, techniques, processes, and technology
- 8163 02 Chooses materials, techniques, processes, and technology which enhance the communication of ideas
- 8164 03 Analyzes and evaluates the selection and use of materials, techniques, processes, and technology
- 8165 04 Practices and demonstrates the skills of craftsmanship
- 8166 05 Uses art materials and tools in a safe and responsible manner
- 8167 06 Knows and uses appropriate vocabulary

AR09 Understands the visual arts with respect to history and cultures (Context)

- 8168 01 Differentiates and compares the characteristics of works of art from various cultures and historical periods, using a variety of resources, including the Internet
- 8169 02 Creates art based on the interpretation of historical, cultural, and personal contexts

AR10 Evaluates, analyzes, and interprets the characteristics, merits, and meaning of one's own artwork and the artwork of others (Aesthetics)

- 8170 01 Identifies and discusses various works of art
- 8171 02 Analyzes artistic and aesthetic merits in works of art
- 8172 03 Compares multiple purposes for creating works of art

Lakeview Public Schools
Art Curriculum
By Course, Standard, Benchmark
8th Grade 3-D Design

AR06 Recognize and uses processes, technology and techniques to communicate and create visual art

- 8173 01 Interprets visual images, themes, and ideas in 3-dimensional works of art
- 8174 01 Knows and uses an expanded vocabulary
- 8175 01 Uses varied techniques to gather, record, organize, and integrate relevant sources of visual images, themes, and ideas
- 8176 01 Synthesizes visual images, themes, and ideas
- 8177 01 Creates original 3-dimensional works of art which reflect personal views, ideas, and experiences to communicate an intended meaning
- 8178 06 Acknowledges and respects copyright laws, including those covering electronic resources

AR07 Knows, understands, and applies basic components of the visual arts through problem solving (Perception)

- 8181 02 Reflects on and articulates the effectiveness of the student's own problem-solving process
- 8182 02 Creates increasingly complex and varied solutions to visual arts problems which reflect synthesis of a wide range of information
- 8179 02 Seeks and selects alternatives using the elements of art and principles of design in creating their own work
- 8180 02 Develops consistent use of an art vocabulary related to the basic components of design
- 8183 02 Combines information from previous learning and personal experiences to solve visual problems

AR08 Understands, and applies materials techniques, processes, and technology related to the visual arts (Application)

- 8184 03 Demonstrates the use of a variety of materials, techniques, processes and technology
- 8185 03 Conceives and creates 3-dimensional works of art that exhibit a proficiency in the use of materials
- 8186 03 Evaluates the relationships between ideas and materials, techniques, processes, and technology
- 8187 03 Executes the skills and attitudes that result in good craftsmanship
- 8188 03 Uses art materials and tools in a safe an responsible manner
- 8189 03 Knows and uses an expanded vocabulary

AR09 Understands the visual arts with respect to history and cultures (Context)

- 8190 04 Describes the functions, meanings, and significance of 3-dimensional works of art within various cultures and historical periods, incorporating many types of resources

AR10 Evaluates, analyzes, and interprets the characteristics, merits, and meaning of one's own artwork and the artwork of others (Aesthetics)

- 8193 05 Identifies, explores, and justifies the intentions of creating works of art
8191 05 Recognizes and describes literal, visual, and expressive qualities in works of art
8192 05 Evaluates 3-dimensional works of art through critical and aesthetic inquiry

Lakeview Public Schools
Art Curriculum
By Course, Standard, Benchmark
8th Grade 2-D Design

AR06 Recognize and uses processes, technology and techniques to communicate and create visual art

- 8194 01 Interprets visual images, themes, and ideas in works of art
8195 02 Knows and uses an expanded vocabulary
8196 03 Uses varied techniques to gather, record, organize, and integrate relevant sources of visual images, themes, and ideas
8197 04 Synthesizes visual images, themes, and ideas
8198 05 Creates original works of art which reflect personal views, ideas, and experiences to communicate an intended meaning
8199 06 Acknowledges and respects copyright laws, including those covering electronic resources

AR07 Knows, understands, and applies basic components of the visual arts through problem solving (Perception)

- 8200 01 Seeks and selects alternatives using the elements of art and principles of design in creating their own work
8201 02 Develops consistent use of an art vocabulary related to the basic components of design
8202 03 Reflects on and articulates the effectiveness of the student's own problem-solving process
8203 04 Creates increasingly complex and varied solutions to visual arts problems which reflect synthesis of a wide range of information
8204 05 Combines information from previous learning and personal experiences to solve visual problems

AR08 Understands, and applies materials techniques, processes, and technology related to the visual arts (Application)

- 8205 01 Demonstrates the use of a variety of materials, techniques, processes and technology
8206 02 Conceives and creates works of art that exhibit a proficiency in the use of materials
8207 03 Evaluates the relationships between ideas and materials, techniques, processes, and technology
8208 04 Executes the skills and attitudes that result in good craftsmanship
8209 05 Uses art materials and tools in a safe and responsible manner
8210 06 Knows and uses an expanded vocabulary

AR09 Understands the visual arts with respect to history and cultures (Context)

8211 01 Describes the functions, meanings, and significance of works of art within cultures and historical periods, incorporating many types of resources

8212 02 Creates art based on the evaluation and synthesis of historical, cultural, and personal contexts

AR10 Evaluates, analyzes, and interprets the characteristics, merits, and meaning of one's own artwork and the artwork of others (Aesthetics)

8213 01 Recognizes and describes literal, visual, and expressive qualities in works of art

8214 02 Evaluates works of art through critical and aesthetic inquiry

8215 03 Identifies, explores, and justifies the intentions of creating works of art
