5027 01 Understands the meaning of goods and services and identifies ways families produce and consume goods and services

SS11 Understands how scarcity requires individuals and institutions to make choices about availability and usage of resources

4857 01 Knows that a price is the amount of money that people pay when they buy a good or service

5028 02 Understands ways that individuals can conserve limited resources

Lakeview Public Schools
Social Studies Curriculum
By Course, Standard, Benchmark
2nd Grade Social Studies

SS01 Understands the historical chronology and the historical perspective

- 4339 01 Knows the cultural similarities and differences in clothes, homes, food, communication, technology and traditions between families now and in the past
- 5029 02 Uses weeks, months and years to distinguish past, present and future

SS06 Understands the world in spatial terms according to the five themes of geography (place, location, region, movement, human environment/interaction)

- 4531 01 Knows the location of home, school, and neighborhood on a map
- 4556 02 Knows the physical characteristics of the local neighborhood
- 4572 03 Understands different forms of movement (e.g., people, products, ideas)
- 4582 04 Understands ways in which people depend on the physical environment and the role resources play in daily lives
- 5031 05 Knows regions of the surrounding environment (home, school, neighborhood, and the related boundaries)
- 5840 06 Knows the human and natural characteristics of a place

SS07 Understands the structure, functions and purposes of civic activities

- 4673 01 Understands aspects of life at school and in the local community that illustrate justice
- 4980 02 Describe consequences of not having rules

SS08 Understands core democratic values reflected in American democracy

- 4719 01 Knows the core democratic values of patriotism and liberty (our lives are better when we live and work cooperatively)
- 6163 02 Knows the significance of American symbols
- 4344 03 Understands how people help each other in a community

SS09 Understands the role of the citizen in American democracy

- 4728 01 Understands rights and responsibilities of being a student
- 4982 02 Understands how students work together to solve local problems

SS10 Understands the characteristics and interrelationships of global economic interdependence

- 4860 01 Knows that producers and consumers exchange goods and services in a neighborhood

SS11 Understands how scarcity requires individuals and institutions to make choices about availability and usage of resources

- 5032 01 Knows scarcity and opportunity costs in making personal decisions

Lakeview Public Schools
Social Studies Curriculum
By Course, Standard, Benchmark
3rd Grade Social Studies

SS01 Understands the historical chronology and the historical perspective

4345 01 Understands changes in community life over time (e.g., changes in goods and services; changes in landscape; changes in jobs, schooling, transportation, communication, recreation)

4348 02 Understands the contributions and significance of historical figures

SS06 Understands the world in spatial terms according to the five themes of geography (place, location, region, movement, human environment/interaction)

4537 01 Knows the basic elements of maps and globes (e.g., title, legend, cardinal and intermediate directions, grid, scale)

4542 02 Knows major physical features (e.g., landforms, continents, natural resources, industry and bodies of water)

4555 03 Knows the characteristics of regions (e.g., landforms, climate, vegetation)

4550 04 Knows how to locate various sites on maps (e.g., regions, states, major cities, and landmarks)

5033 05 Compares local community, state, and region to other communities, states, and regions of the United States

7370 06 Understands similarities and differences that unify and divide communities, states, and regions of the United States

SS07 Understands the structure, functions and purposes of civic activities

4651 01 Knows various people and groups in the community who make, apply, and enforce rules and laws for others

4749 02 Knows major services provided by local governments (e.g., transportation, education, recreation, public safety, public utilities)

4821 03 Introduces branches of government

SS08 Understands core democratic values reflected in American democracy

6164 01 Knows the core democratic values of popular sovereignty and pursuit of happiness

SS09 Understands the role of the citizen in American democracy

4835 01 Knows opportunities for leadership and public service in the student's classroom, school, and community

SS10 Understands the characteristics and interrelationships of global economic interdependence

6851 01 Knows the difference between private and public goods and services

4849 02 Understands the distinction between natural resources, human capital, and capital equipment in the production of a good or service

5034 03 Understands goods and services are provided by the local government through taxation

SS11 Understands how scarcity requires individuals and institutions to make choices about availability and usage of resources

4845 01 Understands that since people cannot have everything they want, they must make

choices about using goods and services to satisfy wants (e. g., scarcity, opportunity costs)

- 4846 02 Understands that people work within a community to produce goods and provide services
- 4864 03 Knows that barter is trading goods and services for other goods and services without using money
- 6170 04 Understands economic needs and businesses that meet them
- SS12 Understands the importance of information processing, data management and information synthesis and application**
- 6852 01 Has experience with a variety of decision making models

4576 06 Knows how transportation and communication in Michigan have changed and how they have affected trade and economic activities

SS07 Understands the structure, functions and purposes of civic activities

4657 01 Knows various people and groups in the state who make, apply, and enforce rules and laws for others

4669 02 Understands common rules and laws in the state of Michigan

4750 03 Knows the major responsibilities of the legislative, executive, and judicial branches of Michigan's state government

4755 04 Knows how people can participate in Michigan's state government

4664 05 Knows the purpose of state government

4759 06 Knows major services provided by state governments (e.g., state services such as education and health services and local services such as transportation, education, recreation, public safety, public utilities)

4761 07 Knows the major purposes of the state constitution and the process by which citizens change the state constitution

SS08 Understands core democratic values reflected in American democracy

4828 01 Understands the basic ideas of the core democratic values and how they relate to one another

6841 02 Uses and applies core democratic values in decision making

4716 03 Understands how shared core values, principles, and beliefs contribute to American democracy

SS09 Understands the role of the citizen in American democracy

6844 01 Describes the inherent rights and responsibilities of citizenship

4838 02 Knows opportunities for leadership and public service in the student's own state

SS10 Understands the characteristics and interrelationships of global economic interdependence

5035 01 Knows resources used to produce a good

5036 02 Knows how the historical and contemporary role a major industry has played in the state of Michigan

5037 03 Understands how Michigan's location has impacted its economic development

SS11 Understands how scarcity requires individuals and institutions to make choices about availability and usage of resources

6853 01 Knows how prices are determined in a market economy and how they serve as a means of allocating resources

Lakeview Public Schools
Social Studies Curriculum
By Course, Standard, Benchmark
5th Grade Social Studies

SS01 Understands the historical chronology and the historical perspective

- 4367 01 Understands why Colonists went to war to win independence from England and the major events that contributed to the outbreak of the revolution
- 4355 02 Understands the development and history of the colonists and of the pioneers
- 4368 03 Understands the basic ideas set forth in the Declaration of Independence and the United States Constitution
- 4366 04 Understands the daily life and values of native American cultures

SS02 Understands the development of domestic, social, geographic, economic and ideological relationships, both similar and diverse and w/with/without conflict

- 5039 01 Describes events in other countries that have affected Americans

SS06 Understands the world in spatial terms according to the five themes of geography (place, location, region, movement, human environment/interaction)

- 4533 01 Uses and applies information from thematic maps and globes (e.g., patterns of population, economic features, rainfall, vegetation)
- 4575 02 Knows economic activities that use natural resources in the various regions of the United States and the economic importance of the activities
- 4583 03 Knows how human activities have changed the ability of the physical environment to support human life (e.g., use of irrigation and dry land farming techniques to improve crop yields, reforestation to prevent erosion, flood control projects to make land habitable)
- 4577 04 Knows how transportation and communication have changed and how they have affected trade and economic activities in the nation

SS07 Understands the structure, functions and purposes of civic activities

- 4713 01 Know the purpose of national government in the United States
- 4667 02 Understands how constitutional government helps to protect personal rights, political rights, and economic rights
- 4694 03 Knows that the government pays for the goods and services it provides through taxation
- 4751 04 Knows how to distinguish among national, state, and local governments
- 4753 05 Knows how people can participate in the national government
- 4762 06 Knows the major responsibilities of the legislative, executive and judicial branches of the national government

SS08 Understands core democratic values reflected in American democracy

- 4697 01 Understands the importance of respect for the law
- 4365 02 Understands the ideals and ways in which people have advanced the cause of human rights, equality, and the common good
- 4842 03 Apply a core democratic value to a decision making model

SS09 Understands the role of the citizen in American democracy

- 4840 01 Knows the characteristics of a good leader (e.g., experience, determination, confidence, a desire to be a leader, the ability to solve problems creatively)

SS10 Understands the characteristics and interrelationships of global economic interdependence

5040 01 Knows the costs, benefits, and alternatives to using consumer credit

5041 02 Understands individual ownership, partnership, corporation and stock holders

5042 03 Understands supply and demand

7405 04 Knows the national origins of products and the trade flows within the United States

SS11 Understands how scarcity requires individuals and institutions to make choices about availability and usage of resources

6382 01 Uses a United States example to assess the effectiveness of government to provide public goods and services for influencing economic decisions

6383 02 Knows consequences of international trade have affected American history

6384 03 Knows how businesses are involved in trade as producers, distributors, importers, and exporters

SS12 Understands the importance of information processing, data management and information synthesis and application

6868 01 Uses and applies a decision making model that explains a personal choice
