

**Lakeview High School
Credit Recovery Fall 2011
INFORMATION FORM**

Lakeview High School will offer a second session of after-school credit recovery for high school students who are required to recover credit in core content area courses and/or elective courses. Students will attend Monday through Friday from 2:45-4:00pm in the computer lab – Room 141. On weeks when teachers have a staff meeting, students will attend from Tuesday through Friday. See below for specific class dates. Students will be pre-tested at the beginning of the course, and will work through the areas the student needs to complete in order to display mastery of the concepts and earn credit for the course the student previously failed. Other policies for credit recovery are as follows:

- Students will be allowed a maximum of four (4) absences during Credit Recovery. Those who acquire more than four absences will not earn credit and will be dropped from Credit Recovery without a refund.
- The after school session starts at 2:45pm. Any student arriving later than 2:50pm will be marked absent.
- It is strongly advised students request home access so the course can be completed on time. All work besides quizzes and tests can be completed at home. Directions for requesting home access will be provided during the first class.
- If students are not 100% complete with the course by the last class date they will not receive credit or a refund and will have to re-register during a different Credit Recovery Session.
- Students can be dismissed at any time during a class session for distributive behavior. There is no need to interact with anyone besides the instructor. The program is designed to be worked on independently. A student who is dismissed from an after school session will receive one (1) absence.
